Mark Harrison : All About Piano: A Fun and Simple Guide to Playing Piano before purchasing it in order to gauge whether or not it would be worth my time, and all praised All About Piano: A Fun and Simple Guide to Playing Piano:

3 of 3 people found the following review helpful. Excellent book for self-teachingBy Andrew P. PrattHarrison breaks down piano and music theory basics into effective chunks you can chew on without any additional support. The learning curve does get steeper as the book goes on, but each song has a enough new and review content that staying in one place or going backwards is still very helpful. As a dabbler in piano and guitar for 15+ years, I can say that this is the best resource for self-teaching I've found yet.1 of 1 people found the following review helpful. Everything seems so easy after reading this bookBy North SunnyI never had a chance to learn to play piano until now. This book explains everything I want to know very clearly. After a few weeks I have already learned note reading. I practice very hard every day. I am close to retirement age so my hands are not as flexible as young kids. With this book I still think I can learn to play piano very well. Everything seems so easy after reading this book.1 of 1 people found the following

review helpful. Nice jazz arrangements. By Isaac Excellent book for beginners and intermediate players since it comes with a CD for reference. I especially liked the jazz pieces for their rich tones. They were an immediate inspiration to play more. Consider spiral-binding this book so that the pages remain flat on your stand.

(Keyboard Instruction). Have you struggled through tedious lessons and boring instruction books in your desire to learn to play the piano? If you wish there was a fun and engaging way to motivate you in your piano playing quest, then this is it: "All About Piano" is for you. Whether it's learning to read music, playing by ear, improvising, or all of the above, this enjoyable guide will help you to finally start playing your favorite songs in many different styles. Plus, learn interesting tid-bits on piano makes models, care and maintenance, other keyboard instruments, and other fun stuff about the piano. This fun-filled, easy-to-use guide includes: An introduction to pianos and keyboard instruments; Step-by-step music reading instruction; How to play by ear and improvise; Background on various styles of music, including dozens of favorite songs; Performing tips. Over 40 popular songs, including: All My Loving (The Beatles) * Can You Feel the Love Tonight (Elton John) * Fur Elise (Beethoven) * Imagine (John Lennon) * Linus and Lucy (Vince Guaraldi) * Wonderful Tonight (Eric Clapton) * Your Cheatin' Heart (Hank Williams) * and more. This e-book also includes 70 audio tracks for demo and play-along.
