Each play stands on its own and yet they all contribute to a fascinating anthology. My favorite of the bunch is Phillip Glass Buys a Loaf of Bread, because the way that Ives manipulates the language is incredible. Words Words Words is in every

theatre teacher's grab bag because it is a fun examination of Shakespeare, and Sure Thing is a fast-paced social commentary. 0 of 0 people found the following review helpful. Clever, entertaining a fun read. By Elton W. Spaulding I saw an amateur production of some of Ives' work and the work far surpassed the performances except for on piece but the material caused me to buy this book. I find him to be clever and humorous. 2 of the plays were not to my taste but on the whole really enjoyed the contents. If I had not seen "Universal Language" I would have been less than impressed but that someone had the foresight to perform this I admire because this is the one that was performed so well and it must have been difficult to see how clever the results would turn out. Recommend it for his take on things and it's a very quick read. Read 1 in your short time available or knock out the whole book in a couple of hours. 0 of 0 people found the following review helpful. Short plays with good word play By johnm Interesting writer. Short plays with good word play. And he likes bells. Clever stuff and different approach to theater

The world according to David Ives is a very add place, and his plays constitute a virtual stress test of the English language -- and of the audience's capacity for disorientation and delight. Ives's characters plunge into black holes called "Philadelphias," where the simplest desires are hilariously thwarted. Chimps named Milton, Swift, and Kafka are locked in a room and made to re-create Hamlet. And a con man peddles courses in a dubious language in which "hello" translates as "velcro" and "fraud" comes out as "freud." At once enchanting and perplexing, incisively intelligent and side-splittingly funny, this original paperback edition of Ives's plays includes "Sure Thing," "Words, Words, Words," "The Universal Language," "Variations on the Death of Trotsky," "The Philadelphia," "Long Ago and Far Away," "Foreplay, or The Art of the Fugue," "Seven Menus," "Mere Mortals," "English Made Simple," "A Singular Kinda Guy," "Speed-the-Play," "Ancient History," and "Philip Glass Buys a Loaf of Bread." From the Trade Paperback edition.
