**Priscilla Harris Dalrymple : American Victorian Costume in Early Photographs (Dover Fashion and Costumes)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Victorian Costume in Early Photographs (Dover Fashion and Costumes):

0 of 0 people found the following review helpful. Semi-Helpful  
By Kathryn Page Camp  
I purchased this book as research into period dress for a novel. It contains helpful descriptions of the fashion trends in each decade and the pictures do give some idea of what people were wearing, but most of this information is available for free on the Internet. It's nice to have a resource that I can pull from my shelf and refer to regularly, but this book did not turn out to be the one. Instead, I recommend "Victorian Fashions Costumes from Harper's Bazar 1867-1898," edited by Stella Blum.

By Mariko  
I'm a Theatre Costume Design

student, and in theatre accuracy is key. When researching the fashion of a certain historical time period, ideally you want to be able to look at the physical garments worn at the time. However, unless you are lucky enough to have a huge museum or costume collection at your disposal, that's pretty much impossible. Books like this, which feature collections of period photographs, are the next best thing. How can you doubt the reliability of the fashions depicted in a photograph when it was taken in the actual time period you're researching? This book is an excellent resource and I highly recommend it to anyone interested in historical costumes. 0 of 0 people found the following review helpful. Five Stars By Seemoh An excellent coverage of the history of Western fashion as captured in photographs.

Over 280 rare photographs document the clothing of ordinary men, women, and children from the 1840s through the 1890s, in what appears to be their Sunday best. Bustles, hoops, pantalets, shirtwaists, top hats, waistcoats, bowlers, other Victorian-era attire, as well as hairdressing and tonsorial styles. Introduction to fashions of each decade.
