Horses a regal Animal in a cruel worldBy fgheinrichA wonderful, touching story of a world mostly passed, showing how little thanks we humans gave to the horses, which did so much for the creation of America.

See the wild horses run! The Pryor Mountain Mustangs have roamed the high desert and mountains of the American West for centuries. Descended from steeds brought over by the Spanish conquistadores, their untamable nature and enduring courage inspire awe in all who have the chance to see them. Photographer Lynne Pomeranz spent two years with these magnificent creatures along the Montana-Wyoming state line, and her startlingly intimate photographs capture the resilience and free spirit that define these mustangs.
