Neal Gabler : An Empire of Their Own: How the Jews Invented Hollywood before purchasing it in order to gage whether or not it would be worth my time, and all praised An Empire of Their Own: How the Jews Invented Hollywood:

0 of 0 people found the following review helpful. Extraordinary read!By Kindle Customer Bob.Extraordinary account of the founding and development of the movie industry in the U.S. Penetrating analysis of the character, ambitions, determination, and, yes, ruthlessness of those transplants from European destitution who fought and connived their way to power on East and West coasts of America. Great reading.0 of 0 people found the following review helpful.

Four StarsBy shhhhVery very very complete, but it started drag just bit at the 350 page mark...0 of 0 people found the following review helpful. Five StarsBy Monicalove this book.

A provocative, original, and richly entertaining group biography of the Jewish immigrants who were the moving forces behind the creation of America's motion picture industry. The names Harry Cohn, William Fox, Carl Laemmle, Louis B. Mayer, Jack and Harry Warner, and Adolph Zucker are giants in the history of contemporary Hollywood, outsiders who dared to invent their own vision of the American Dream. Even to this day, the American values defined largely by the movies of these eacute;migreacute;s endure in American cinema and culture. Who these men were, how they came to dominate Hollywood, and what they gained and lost in the process is the exhilarating story of An Empire of Their Own.
