Anon. : An Illustrated Handbook of Buddhist Architecture - Including Architecture from, Ceylon, India, Burmah, Java and More before purchasing it in order to gage whether or not it would be worth my time, and all praised An Illustrated Handbook of Buddhist Architecture - Including Architecture from, Ceylon, India, Burmah, Java

and More:

Buddhist temples are some of the most beautiful and awe inspiring examples of religious architecture ever created. This helpful handbook is a guide to the finest examples from around the world. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
