**Dr. Vook Ph.D, Vook : Ancient Art History 101: The TextVook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ancient Art History 101: The TextVook:

4 of 4 people found the following review helpful. Title a bit misleadingBy JetpackThis really should be called Ancient European, Mediterranean and Middle-Eastern Art History, but I suppose that would have been too long.Still, the information is quite interesting and informative. I do appreciate how things like tool-making and cave painting were included. Very informative and smart to include.It would have been nice to have some things from China, Japan, Africa, N. or S. America also.0 of 0 people found the following review helpful. DisappointingBy PipedreamergreyThese Dr. Vook books are disappointing. They're not particularly insightful, and they're not particularly entertaining. In my opinion they should be either one or the other.
