**Katie Oliver : And The Bride Wore Prada (Marrying Mr Darcy, Book 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised And The Bride Wore Prada (Marrying Mr Darcy, Book 1):

1 of 1 people found the following review helpful. Katie Oliver can't quite decide if she wants to write ...By ShopgirlKatie Oliver can't quite decide if she wants to write mystery or romance. It's as if there are two unrelated stories taking place. They never quite blend. I don't think I'd buy anymore of her work.0 of 0 people found the following review helpful. Great story, good author and a fun readBy gmschappGreat story, good author and a fun read.

I find that I can get thru a Kate Oliver book in a weekend or during a long flight without getting bored of the story. Glad she has continued this story and characters past this series. 0 of 0 people found the following review helpful. Five Stars  
By Mariam Jafri  
One of my new favorite authors! Loved this book, great chick lit!

She's dated Mr Darcy... After being hounded by the paparazzi ever since news of their engagement got out, Gemma and Dominic are flying to Scotland for a much-needed romantic getaway. But they didn't expect to find Dominic's ex, Natalie, and her husband Rhys, on the very same flight! Landing in a torrential blizzard and with only one hire car (let alone a limo!) between them, the four share a lift... but as the snowdrifts move in, stranding them in an isolated castle, it seems they'll be reunited for longer than planned! Now it's time to say 'I do'! In the face of adversity, Gemma does what any self-respecting celebrity fiancée would do: starts planning a last-minute wedding while she has Dominic to herself! After all, where better for a discreetly decadent wedding than in the middle of nowhere, miles from the nearest celebrity news desk? But marrying an A-lister away from prying eyes was never going to be easy. Will Gemma make it up the aisle? And, more importantly, now she's miles away from Vera Wang, what is this fashionista going to wear?! And the Bride Wore Prada is the sensational first book in Katie Oliver's long-awaited 'Marrying Mr Darcy' series, the follow-up to her best-selling 'Dating Mr Darcy' trilogy. Also by Katie Oliver: Prada and Prejudice, Love and Liability, Mansfield Lark, and, coming soon: Love, Lies and Louboutins, Manolos in Manhattan
