**Speedy Publishing LLC : Angel Mandalas For Relaxation Coloring Book (Angel Mandala and Art Book Series)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Angel Mandalas For Relaxation Coloring Book (Angel Mandala and Art Book Series):

The cover is EXTREMELY misleading. That image isn't even in the book. All of the pages are of cutesy cartoon angels, many of them look like clip-art. Some of the backgrounds are a little interesting, but these pages are definitely for children. This publisher really needs to include a suggested age range in their descriptions. They also need to make new covers. Product reviews posted on help me tremendously in making my shopping decisions. I hope providing my reviews of the product experiences does the same for others. :) I am not afraid to leave negative feedback when warranted. At the same time, I always consider how the product is advertised, price range, and what its intended purposes are. I

put thought into the ratings I give. 1 of 1 people found the following review helpful. Not as advertised. By BJSI received this book free for a review but was surprised that it only contained drawings of cherub like angels. I was hoping to see majestic visions like the one on the cover. Children will love these and find them very nice to color, just not to my taste. 0 of 0 people found the following review helpful. There is no PDF link. By Penny There is no PDF link to print any of these pages therefore to me it is absolutely useless. Speedy publishing never includes a pdf link for printing had I paid more attention I would have never downloaded this book but even if it did have the PDF I would not print this book the drawings are very poorly done.

**IMPORTANT** - EBOOK edition of this book is an ART BOOK and not used for coloring on the device. The eBook is a preview providing useful content on the benefits of coloring for both children and adults, also showing the brilliant designs available in the physical copy of the book. A BONUS link in the book lets you download books with high quality coloring book PDF pages with dozens of illustrations that readers can PRINT. The download is optional, it is not the main function or purpose of this ebook - PRINT REPLICA. Here are some beautiful angel mandalas descending from the heavens. They're pretty now but they can be more majestic once they are filled with colors. Coloring is an art technique that any child can do. It encourages knowledge of colors as a child learns to mix and match hues. It is also a wonderful activity for self-expression. Start coloring today!
