**Angela Sasser : Angelic Visions: Create Fantasy Art Angels With Watercolor, Ink and Colored Pencil.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Angelic Visions: Create Fantasy Art Angels With Watercolor, Ink and Colored Pencil.:

0 of 1 people found the following review helpful. love this book, but hate new paper and printing quality, used to be smooth, glossy paper. not anymoreBy David Yarberi noticed the older books are getting reprinted in cheaper paper and printing quality, than the newer relesead ones, and charging the original high prices for the cheap kruddy ones. if these book companies are going to be like this, make the cheaper paper and printed quality books a lot more cheaper then. >:( darn it.not to mention that the books always have wrinkles on the pages or weird indented lines on the pages, and the printing of the the wording and picture quality is really not good for what you pay. i've bought books for many years and almost never incounter such things like this before.because i bought a copy of this book when it first came

out and it was the nice smooth glossy quality that i love. now it was the same price high price, but worse quality. >:( what's up with that, book companies?but other than that the printing qualities gone down sense the mid 2000's.if this is because there forcing everyone to go digital, i am not doin it.i like hard copies of thing thank you! i hate and do not trust digital. i'm staying old school. thank you.no offense to whats so ever. :)i love and i know they do there best, it's just venders and sometimes sellers, doing crooked business and politics.0 of 0 people found the following review helpful. good bookBy mrmr3this book was helpful in getting my feet wet in the genre. Yet, it was not as detailed as i would have liked it to be. overall the illustrations in it are great. but i felt like the author doesn't teach you how to draw things in a general way, instead the drawings will end up resembling the author's illustrations, if that makes any sense at all. But overall it is a nice book.0 of 0 people found the following review helpful. nice bookBy candersI really liked this book because I wanted to get back to drawing as a hobby. This book covered basics which I learned in various art venues over the years. But there was also more in-depth info for me to build on. Anyway, I really got into studying the angels and using Ms. Sasser's angels and creating a few of my own artistic ideas.

Angels have been many things to many people throughout the centuries#150emissaries of the divine, harbingers of holy wrath, symbols of enduring beauty and great power ... In this book, with Angela Sasser's graceful artwork guiding the way, you'll discover how to bring to life your own divine visions. Beginning with the basics and progressing through 20+ step-by-step demonstrations, you'll learn how to:Combine the ethereal luminosity of watercolor with the subtle textures and striking contrasts of colored pencil and ink.Depict realistic anatomy, including bodies, faces, hands and wings.Suggest character and mood with accessories like clothing, weaponry, halos and tattoos.Create the perfect backdrops, including clouds, flowers, stone and stained glass.Bring it all together in 8 full-length painting demonstrations, from butterfly guardians and romantic muses to demon slayers and the Archangel of Death. Or follow your own inspirations to create angels unbound by convention and reflective of your personal spirit.

About the AuthorAngela R. Sasser is a freelance artist and editor. Influences include art nouveau, Pre-Raphaelite art and surrealism. Angela communicates with her fans one on one via the Angelic Shades blog at [blog.angelicshades.com](http://blog.angelicshades.com), where aspiring artists can get in on critiques with the artist, tips and tricks for artists and writers, tutorials and other activities.
