Jupiter Kids : Animal-Inspired Ornaments (A Coloring Book) (Animal Ornaments and Art Book Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Animal-Inspired Ornaments (A Coloring Book) (Animal Ornaments and Art Book Series):

1 of 1 people found the following review helpful. I like that. I recently got into coloringBy SilverdogUnlike some other Kindle coloring books, this one has a link to download and print these on your own. I like that. I recently got into coloring. Its something my son and I can do together while we are at the cabin relaxing. My son is only 6 so he can't color these very well but its an activity he and I can do together and share our results with one another.Disclaimer - I received this ebook for free in exchange for my honest, unbiased, and fair review. In no way has this influenced my review. I rely on reviews just as much as you do and detest fake five star reviews. I very much appreciate reviewers who take the time to provide their honest and unbiased reviews and, for that, I am extremely grateful to them.When I need or would like particular products, I take the time to research those products as I do quite a lot of online shopping.

I also take the time to test every product, whether received for free, at a discount, or for full sale price, to find out if the item holds true to its claim. If you found my review to be helpful in any way, then I trust that I have provided the necessary details to make your buying decision an informative and positive one. Should you have any questions, please feel free to ask away and hopefully I can provide an answer. Thank you for taking the time to read my review; it is very much appreciated. 0 of 0 people found the following review helpful. Good for 2 grade- adult age By T K MI downloaded this on my ipad. There are 14 pictures in this book. They range from incredibly intricate to fairly simple designs. The beginning few pages talk about helping pre-k children develop the skills needed to learn to write. While this is a nice idea, I don't think most of the pictures are suitable for small children because they would require a lot more dexterity to color them. There is 1 picture that I think would work well for that age group, but the rest would be fine for 2-5 grade levels. If you are an adult that likes to color pictures to relax, then this book is great! There is enough variety between the pictures to keep you entertained for quite a while. Overall the book serves my purpose well! If you don't mind a little writing on the top of the page, they print out nicely from kindle cloud reader. *This review is based on my family's fair, honest, and unbiased review of this product. We are a family of 3 with a small child and I only buy products that we will actual use. I write these reviews with input from whichever family member used the product as well as my personal experience with it. * I received this product for free or at a discounted price in exchange for an honest review * I have not been asked to leave a 5-star review. The stars I have given this item reflect my own experience. * I do not work for this company nor do I represent it in any way. * Every review given by me is given the same amount of honesty as though I purchased this item at full retail price. * Feel free to ask any questions! MY PERSONAL CRITERIA FOR RATINGS (STARS): 5 stars ~ Really awesome! It met or exceeded my personal expectations and worked well for me and/or my family. I am very happy with the purchase! 4 stars ~ This is a good product. Something about it did not work as expected for myself or my family but could work well for yours. Details will be in the review as to why it did not receive 5 stars. 3 stars ~ This product is ok. It is functional for what it claims to be but it did not meet my expectations and there are better products at similar prices readily available. I would not purchase this again. 2 stars ~ This is not a good product. It failed to meet even basic expectations, but might be acceptable in a pinch if nothing else was available. Choose something else if you can. 1 star ~ Terrible product. It both failed expectations and made things worse than not having it all together. I would never recommend anybody getting this. If my review was helpful for you in any way, please click the [YES] bottom below, which enables me to continue writing helpful reviews. 0 of 0 people found the following review helpful. Same old animal prints By wells I love adult coloring and it relaxes me i love to be able to look at books before i purchase or to just see what else is out there. I really enoy looking at books. Even if its just to look and i dont purchase. The whole thing of these ebooks to check out i love this idea. This one isn The same old thing over and over. I have seen these all before. I do love these books jsut there the same animals i have seen. Now you may like them or not this is just my opionon only. But i would leave this one on the shelf I received this product for free or at a discounted rate in exchange for product testing and review. I am under no obligation to provide a positive review and received no incentives or rewards for doing so. My goal is to highlight features and drawbacks that I would want to know about as a buyer, not hype the product for the manufacturer to increase sales. My remarks are sincere and true. I work very hard trying to write insightful and thoughtful reviews for each item. I hope that these reviews are helpful to others. While it is true that many items are received at discounted rates or complimentary, my reviews are completely unbiased as well as honest and are my personal experiences and opinion of the product. Once again, it is just my own opinion and experience with the product, your own opinion and experience may vary. I received no monetary compensation and am not required to give a good review

IMPORTANT - EBOOK edition of this book is an ART BOOK and not used for coloring on the device. The eBook is a preview providing useful content on the benefits of coloring for both children and adults, also showing the brilliant designs available in the physical copy of the book. A BONUS link in the book lets you download books with high quality coloring book PDF pages with dozens of illustrations that readers can PRINT. The download is optional, it is not the main function or purpose of this ebook - PRINT REPLICA. Learning animals is one of the first subjects children are exposed to. There are many ways to learn the concept and one of these is through coloring. Coloring helps your child learn to focus in order to understand and absorb knowledge. This is an important skill that all children must develop to succeed in school and in life. Order a copy today!
