Debra Kauffman Yaun : Animals in Colored Pencil / Drawing: Learn to Draw Step by Step (How to Draw Paint) before purchasing it in order to gage whether or not it would be worth my time, and all praised Animals in Colored Pencil / Drawing: Learn to Draw Step by Step (How to Draw Paint):

10 of 10 people found the following review helpful. Maybe not the best for beginners but fun and challengingBy JJW
This was good for taking you step by step on how to color/shade and to some extent draw. I think this is for a more experienced artist that is more concerned with learning how to shade/color. The author makes a lot of subtle changes that you have to look for in each step. All in all I had fun doing the rooster and I am sure I will try another one.5 of 5 people found the following review helpful. Good tutorial book on using colored pencils.By LuckyNKY
This book is larger in size than I expected, which is great for seeing details better. There are lots of examples of animals and

step-by-step instructions on how to draw and use the pencils to get the best effects.4 of 4 people found the following review helpful. Such Details and explanation Thank You!!!!!!By Cindy CapaccioliThis book is Wonderful for showing you how to draw and use colored pencils. This Author is so generous in explaining everything, Love this book,
