**From Routledge : Animals in the Middle Ages (Routledge Medieval Casebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Animals in the Middle Ages (Routledge Medieval Casebooks):

These interdisciplinary essays focus on animals as symbols, ideas, or images in medieval art and literature.

"A welcome addition to a field which is, or should be, of interest to art historians, literary critics and students of folk-narrative alike."-Envoi "Excellent, well-illustrated."-Quarterly of Biology
