It's a sampling of Baroque Harpsichord (keyboard) music from many composers both well known and more obscure with a little biographical perspective on each. I wish there was a second volume!!!0 of 0 people found the following review helpful. Go for Baroque!By CustomerWonderful collection! Otherwise EncounterBy KillersaxFull of interesting pieces by out-of-the-way, as well as famous, composers.

This up-to-date, comprehensive survey of Baroque keyboard music includes works by 42 composers written between 1590 and 1750. The repertoire provides the widest range of styles and idioms of that period, and ranges in difficulty from late-intermediate through early-advanced levels. Dr. Hinson has also provided historical and biographical background, performance notes and suggested realizations of ornaments.
