William Shakespeare : Anthony Cleopatra before purchasing it in order to gage whether or not it would be worth my time, and all praised Anthony Cleopatra:

By AnnaravenMcCullough's whole "Masters of Rome" series is a must-read for historical fiction buffs; this last book in the series isn't quite on the same amazing levels reached by previous ones, but still soars far above most books in the genre.

By James R.

MccallThis is a review of a specific edition of Shakespeare's "Antony and Cleopatra" - namely the New Cambridge edition of 1990, edited by David Bevington. The book is a good size, and the print is easy to read. There are about 70 pages of front matter in this edition, and, on each page of the play, copious notes. Following the play's text, there is a discussion of general editorial choices and approaches, supplementing the specifics covered in notes. The front matter dutifully took up the sources of the play, its dating, structure, stage history, and a number of other topics. I found it occasionally a bit heavy going, as, in many sections, any straightforward statement seemed to be buried under a pile of citations from various critics. This was by no means always the case, and in such things as stage history I found the discussion brisk but entertaining. The text was thoroughly annotated - too thoroughly for my taste. It did not get tedious, as in the Arden editions, but still, too many notes were devoted to specific editorial decisions, and too many supersized with references to other plays. I guess there is some interest in this, and one does not have to read the notes one does not want to, but it does tend to slow one down. This is good though, if one wants to delve. Moreover, virtually every word or passage that might cause difficulty is discussed and interpreted, which is certainly what one wants. In summary, I would say this edition is well worth having: it gives one most of the information one could conceivably need, does some interpretation, and explains the text helpfully. It does not include a transcription of Shakespeare's main sources (although this is done piecemeal in the notes), nor a plot and scene summary. These would have been nice, but are not necessary. 3 of 3 people found the following review helpful.

ConcludedBy Gregory F. TaylorWhat a wonderful way to wrap up one of the greatest stories in history! McCullough begins just after the violent end of the Gracchi and concludes with the irrevocable end of the Republic. In between she has brought to life some of the most fascinating characters in world history: Gaius Marius, Lucius Cornelius Sulla (Felix!) and, of course, Julius Caesar. This is historical fiction come to glory! Working with minimal facts and well-reasoned extrapolations, she gives us fully realized characters acting within the limits of what is known. Everything that we know of Marius and Sulla would fit comfortably within a hundred pages, but she gives us an unforgettable 2000 before these characters take their preordained exits. With Mark Antony, she has vastly more to work with, since much that was written at the time survives, and many later writers focussed on this era. It is no mean achievement to make Octavian, the ultimate survivor, into a sympathetic character, and she endues Antony with nuance and spirit. Cleopatra is, perhaps necessarily, more of a blank slate, given how little is known of her thoughts and background, but the book brings her vividly to life. I truly hate to see the series finished, and would welcome a volume dealing with Augustus.

William Shakespeare was born in Stratford-upon-Avon in late April 1565 and baptised there on 26th April. He was one of eight children. Little is known about his life but what is evident is the enormous contribution he has made to world literature. His writing was progressive, magnificent in scope and breathtaking in execution. His plays and sonnets helped enable the English language to speak with a voice unmatched by any other. William Shakespeare died on April 23rd 1616, survived by his wife and two daughters. He was buried two days after his death in the chancel of the Holy Trinity Church. The epitaph on the slab which covers his grave includes the following passage, Good friend, for Jesus's sake forbear, To dig the dust enclosed here. Blessed me the man that spares these stones, And cursed be he that moves my bones. Here we publish his tragedy from 1606 'Anthony and Cleopatra'.

From the PublisherDesigned for school districts, educators, and students seeking to maximize performance on standardized tests, Webster's paperbacks take advantage of the fact that classics are frequently assigned readings in English courses. By using a running thesaurus at the bottom of each page, this edition of *Antony and Cleopatra* by William Shakespeare was edited for students who are actively building their vocabularies in anticipation of taking PSAT[®]; SAT[®]; AP[®]; (Advanced Placement[®]); GRE[®]; LSAT[®]; GMAT[®]; or similar examinations. In its towering central characters, vast geographical and historical sweep, and its variety of style and mood, 'Anthony and Cleopatra' is perhaps the most ambitious of Shakespeare's designs. Yet the degree and nature of its success remain surprisingly contentious, and performances of the play have seldom matched the extravagant expectations of its admirers.

About the AuthorWilliam Shakespeare is widely regarded as the greatest playwright the world has seen. He produced an astonishing amount of work; 37 plays, 154 sonnets, and 5 poems. He died on 23rd April 1616, aged 52, and was buried in the Holy Trinity Church, Stratford.
