**From Routledge : Anthropological Resources: A Guide to Archival, Library, and Museum Collections (Sociology/Psychology/Reference)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anthropological Resources: A Guide to Archival, Library, and Museum Collections (Sociology/Psychology/Reference):

First published in 1999. Routledge is an imprint of Taylor Francis, an informa company.

"The editors of this ambitious directory present a fairly comprehensive list of collections of significant anthropological primary resources found in U.S. and European archives, libraries, and museums, and a more selective representation from other countries. . . A resource that should be in every academic collection supporting anthropology; researchers in particular will find this a valuable resource." -D.A. Forro, Michigan State Univ. for Choice Magazine, October 2000
