**Helen Nicholson : Applied Drama: The Gift of Theatre (Theatre and Performance Practices)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Applied Drama: The Gift of Theatre (Theatre and Performance Practices):

Applied Drama offers an insight into theatre-making that takes place in communities across the world. It considers the role of artists who work in challenging settings, including prisons, schools, hostels for the homeless, care homes for the elderly and on the street. In this updated second edition, Helen Nicholson provides vivid new examples of practice, and addresses twenty-first century concerns about the environments in which applied theatre takes place. Ideal for students and practitioners, this lively study poses critical questions about the aesthetics and ethics of applied theatre. It invites debate about the social role of theatre, and explores how interventionist theatre might maintain its radicalism in an increasingly globalized world.

"An illuminating, thought-provoking and very enjoyable read, this book continues to be one of the strongest in the field." - Christina Marin, Emerson College, USA
