Marion Roberts, Clara Greed : Approaching Urban Design: The Design Process (Introduction To Planning Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Approaching Urban Design: The Design Process (Introduction To Planning Series):

0 of 0 people found the following review helpful. Nice book that takes students through the urban design processBy Vicente Del RioNice book that takes students through the urban design process. Sometimes it is overly concentrated on the British scene, but you cannot expect generalist urban design implementation processes and tools that are, at the same time, meaningful enough. The major problem with this book is the size of the illustrations (too small) and the terrible quality of the printing (certainly one of those print-on-demand processes).0 of 0 people found the following

review helpful. I got the 2001 edition, while the cover page ...By Ilir GjinolliI got the 2001 edition, while the cover page of advertised book shows the 2013 edition and it was not written that the pice of 38 \$is for a 14 year old edition.

This companion to Introducing Urban Design: Interventions and Responses shows how the principles and concepts of urban design can be applied and implemented in a range of real-world settings.
