JB Arban : Arban's Complete Conservatory Method for Trumpet (Dover Books on Music) before purchasing it in order to gage whether or not it would be worth my time, and all praised Arban's Complete Conservatory Method for Trumpet (Dover Books on Music):

0 of 0 people found the following review helpful. Great for iPadBy ZhonenameThis is one of the best kindle books I have used. Do not be put off by the size of the fonts. Two finger resizing is easy. Extract a scale size it up play directly from your device. The electronic version replicates the original book perfectly. In the paper version as you well know some of the notes are hard to distinguish. This ePub fixes that. It is worth the investment. ENJOY!0 of 0 people found the following review helpful. Five StarsBy Richard W. MurrellThe best method book for trumpet of all time!0 of 0 people found the following review helpful. Truly the Trumpet BibleBy James LaneIt has everything I could possibly

think of. It has tons of excercises and lots of songs to sight read.

"The trumpeter's bible" for over 150 years, this complete pedagogical method contains hundreds of exercises, beginning with basics and progressing to advanced compositions, including the author's famous arrangement of Carnival in Venice. J. B. Arban discusses every aspect of playing — including articulation, tonguing, slurs, tone, and range — sharing the knowledge he acquired from many years of experience as a teacher and performer. He offers an appreciation of all the instrument's inherent difficulties as well as instructive points that touch upon all possible musical questions. The Paris Conservatory's Committee on Music Study noted, "This work is rich in instructive advice, is based upon the best of fundamental principles, and omits not a single instructive point which might be needed for the development and gradual technical perfection of a player." This edition features an Introduction and expert commentary by an instructor well versed in the Arban Method.

About the Author Teacher, trumpet player, and conductor, Joseph Jean Baptiste Arban (1825-89) was the first virtuoso of the valved cornet. His triumphant concert tours of Europe established the cornet's popularity, but he is best remembered for this enduring pedagogical work.
