Logus-Mezzolani : Archeology of Sardinia: 2 (Gioielli di Sardegna - Viaggi) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Archeology of Sardinia: 2 (Gioielli di Sardegna - Viaggi):

The most important archaeological monuments of Sardinia published for the first time in an ebook. From 3500 BC to the early centuries after Christ: the culture of the menhirs to the Roman baths, going for the most important period, the nuragic. Among these could not miss the archaeological complex on Nuraxi Barumini. With interactive maps, and

numerous external resources, 28 archaeological sites.
