**Jasper Michael : Architectural Aesthetic Speculations: On Kahn and Deleuze (The Practice of Theory and the Theory of Practice Book 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Architectural Aesthetic Speculations: On Kahn and Deleuze (The Practice of Theory and the Theory of Practice Book 1):

Architectural Aesthetic Speculations expands our understanding of the role of formal aesthetic criteria in twentieth-century artistic practices and reveals potentially transformative aspects in the art of architectural composition. The

book stages an encounter of philosopher Gilles Deleuze's (1925–1995) constructivist sensibility and architect Louis Kahn's (1901–1974) mode of architectural figuration. This book is of interest to architects, artists, historians and theorists and to those wishing to learn about contemporary aesthetic practice and theory.
