marriagecoach1There is good information in these sampled books but the pics are largely outdated and make them seem not very valuable. In case you did not get the title, there are numerous books sampled in this one download. Unless you are a very serious environmentalist or a serious student of architecture this stuff is pretty heavy duty reading for the average reader. I thought that you should know what you are getting here. 0 of 0 people found the following review helpful. ExcellentBy David CordellA nice summary of multiple books. They should have more books like this, also can't beat the price. Wiley has a lot of good books to choose from. 0 of 2 people found the following review helpful. It is okayBy Ahmed Ali Ahmed NadaIt is delivered as described. It seems okay I have not started yet reading it. I would say if you need it take it.

The 2012 Architecture Reading Sampler includes select material from six Wiley Architecture Design titles. The material that is included for each selection is the book's full Table of Contents as well as the first chapter. If you would like to read more from these books, you can purchase the full book or e-book at your favorite online retailer. *Living Streets* / 9780470903810 *The Sustainable Sites Handbook* / 9780470643556 *Sustainable Renovation* / 9780470872611 *Mastering Autodesk Revit Architecture 2012* / 9780470937495 *BIM Handbook* / 9780470541371 *How to Estimate with RSMeans Data* / 9781118025284
