Great translationBy blondwonderwomanAristophanes' The Frogs is not an easy read, and there are many poor translations available today which make it even worse. This translation was easy to follow and very well written. I am working on my MA in Theatre used this translation to write an adaptation of the play with a professor of mine. We found it to be the most modern adaptation that still maintained the integrity of the original piece.0 of 0 people found the following review helpful. Five StarsBy hellokathandyCame in 100% new

Not goodBy M. GriffinThe back cover was ripped off and pages were out of the book. I would like to let people to know that this was not a good person to buy books from. When selling a book they need to be in one piece!!
