The pictures were good, but the presentation could have been better if they had told us were the buildings were more than just the town. i.e. Old Depot building Stuttgart is how the book does it if they could have add a street location it would have been better. i.e. Old Depot building Stuttgart 4th and Main. Be aware if you are from town other than Stuttgart your town may be under represented. If you are a history buff get this book it is fun to see these pictures.0 of 0 people found the following review helpful. It is the best I've seen in this series. The period between 1890 to 1920 is

incredible, while the period from 1930-1949 may be a bit sparse. Overall, it does a great job of capturing this county.

First established by the French in 1686, Arkansas Post was the first permanent European settlement in the Mississippi River Valley. It played a key role in the long struggle between France, Spain, and England for control of the lucrative fur trade. The only battle of the American Revolution fought west of the Mississippi took place in Arkansas County. Located in the heart of the Grand Prairie, Stuttgart, one of two Arkansas County seats, is known as the ?duck and rice capital of the world.? Bayou Meto and several lakes draw waterfowl to the area each fall, and ducks flocking to Stuttgart attract hunters from across the nation. Each November, the community hosts the World Championship Duck Calling Contest.
