Clement Greenberg : Art and Culture: Critical Essays (Beacon Paperback) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art and Culture: Critical Essays (Beacon Paperback):

0 of 0 people found the following review helpful. From the horses mouth... great reading.By Richard PVery good selection of essays giving an overview of Clement Greenberg's thoughts and philosophy.0 of 0 people found the following review helpful. Four StarsBy Customerso far so good, as advertised, satisfied customer, thanks.4 of 5 people found the following review helpful. Art criticism as an art formBy Reich ClaudeOne may agree or disagree with Clement Greenberg's ideas, such as the importance of the medium (paint, canvas) over the content (subject matter), the fact that avant-garde art is by essence elitist and preoccupies itself with itself (art for art's sake), as a reaction against

the ever invading and nefarious presence of kitsch (art for the masses), or the idea that what matters is the end-product, the work of art itself, as an object, with physical characteristics (what he calls "the resistance of the medium"). Yet, what remains from these seminal essays is an original definition of modernism, a vision of American art from the 1950's that was to shape much of what was to be created in New York in the following decade, and words that turn art criticism into an art in its own right.

"Clement Greenberg is, internationally, the best-known American art critic popularly considered to be the man who put American vanguard painting and sculpture on the world map. . . . An important book for everyone interested in modern painting and sculpture."mdash;The New York Times

Clement Greenberg is, internationally, the best-known American art critic popularly considered to be the man who put American vanguard painting and sculpture on the world map. . . . An important book for everyone interested in modern painting and sculpture. -The New York TimesFrom the Trade Paperback edition.From the Back Cover'This book should be read by anyone who is interested in modern painting and is willing to look at its spectrum through the vision of a tough-minded, rightfully opinionated critic.' -Washington PostAbout the AuthorClement Greenberg(January 16, 1909 ndash; May 7, 1994) was the author ofJuan Mironandnbsp;andnbsp;Matisse. His essays have appeared in thenbsp;New Republic, Nation, Partisan , Art News, New York Timesandnbsp;andnbsp;Horizon, among others.
