From Museyon : Art and NYC: A Complete Guide to New York City Art and Artists (Art +) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art and NYC: A Complete Guide to New York City Art and Artists (Art +):

1 of 1 people found the following review helpful. The perfect insider's guide to all things art-related in NYC By Alexia Polasky This book serves as a great guiding tool for art exhibitions in New York City that also provides a background

and history of Art itself in The Big Apple. Apart from the small reproductions that make it a beautiful read, the structure simplifies the navigation of its contents mainly thanks to it being divided into specific sections: 1) Famous Works of Art. E.g.: The Existence of Memory, Wheat Field with Cypresses, LOVE... 2) New York Artists: this one focuses on artistic geniuses who lived and worked in NYC, such as Andy Warhol, Jackson Pollock, Jeff Koons... 3) New York Movements: this part goes into detail about the roots of art in the city, concentrating on art movements and relevant exhibitions that emerged in New York, such as pop art, abstract expressionism, conceptual art, photography, feminism... 4) Where to See Art in New York: this last section constitutes a guide to recommended museums, galleries, public art, historical sites and anything art-related that can be found in New York. This section is cleverly subdivided into smaller sections by neighborhood for the readers to better plan their schedules.

By DontStopBuryMeFadeToBlackI read a lot of art books, and I wasn't sure about this one at first because a few of the artists profiled were not my favorites - ok, I really didn't care for their art at all! But since I like knowing the stories behind things and I'm a native New Yorker I leafed through it and wound up more interested than I expected and actually wound up appreciating some of the work more, particularly Lichtenstein. I highly recommend this book for any art or NYC lovers, it's an interesting read that gives the kind of behind the scenes details to make you feel like an insider, and cool the next time you see some of their work you'll know some cool tidbits.

Art + NYC is an art-lover's guide to New York City that combines a crash course in 20th- and 21st-century art history with in-depth bios of ten celebrated New York City artists: Edward Hopper, Jackson Pollock, Andy Warhol, Cindy Sherman, Yoko Ono, Mark Rothko, Jeff Koons, Donald Judd, Roy Lichtenstein, and Robert Rauschenberg. Each segment is written by a leading art writer from publications such as Art in America, Flaunt, and the New York Times. Filled with useful information for both locals and tourists, Art + NYC includes comprehensive neighborhood-by-neighborhood gallery, museum and public art listings, along with studios and other artsy places of interest with detailed maps.

"Art + NYC is the bomb. Necessary for art-minded travelers and locals with a desire to immerse themselves in the art scene. The book also offers a great deal to art lovers everywhere who want to feel more plugged in to one of the most exciting and important art cities in the world." —January Magazine

"The guide is knapsack-sized and packed with information and visual images, yet cleverly designed with generous margins and a dynamic layout for ease of use. It is also thematically arranged so that one could organize all kinds of self-directed art explorations: by artist, era, neighborhood, or artistic movement, or any combination in between." —Rachel Jagareski, Foreword
