Art + Fashion is as exciting and elegant as the creative partnerships it celebrates. In this abridged reading edition, readers will enjoy the book's sparkling and informative text in its entirety, plus a single stunning representative photo of each of the 25 collaborative projects profiled. Spanning numerous eras, men and women's fashion, and a wide range of art mediums, these collaborations reveal the astonishing work that results when luminaries from the art world (such as Pollock, Haring, and Hirst) come together with icons of the fashion world (including Saint Laurent, Westwood, McQueen). From 20th-century legends such as Elsa Schiaparelli and her famous lobster dress painted by Salvador Dali to 21st-century trailblazers such as Cindy Sherman and her self-portraits in vintage Chanel, these electric and provocative pairings brim with the energy and possibility of powerful forces uniting.

"Having a foot in both disciplines, working as an artist and teaching my grad fashion students at The School of the Art Institute, I am very interested in the conversation that happens at this intersection and how it advances each practice. I am looking forward to seeing how Art + Fashion will open up this conversation and connection further and share it with a wider audience." -- Nick Cave
