**Valentina Gorbatcheva, Marina Federova : Art of Siberia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Art of Siberia:

The art of Siberia is a fascinating subject, and the artifacts discovered in the hidden archives of the Russian Museum of Ethnography in St. Petersburg are nothing less than extraordinary. Artwork, day-to-day subjects and photos dating from the turn of the century all represent the testimonies of the Siberian people who refused to yield to the hegemony of a modern world.

About the Author Valentina Gorbatcheva and Marina Federova are researchers in the St Petersburg Ethnological Museum and have traveled extensively in Siberia.
