**Bart Rulon : Artist's Photo Reference - Wildlife** before purchasing it in order to gage whether or not it would be worth my time, and all praised Artist's Photo Reference - Wildlife:

11 of 11 people found the following review helpful. Variety Missing -By Kindle CustomerWhen I need a reference book it is because I want to see the different angles, and a wide variety of types of animals and activity. This book ventured off too often into a lesson and show and tell for one piece of art. I think that is where the effectiveness is lost. If I want a "how to book" for an art project, I'll get a more descriptive and helpful book. If I want a reference guide to see angles, I am probably going to opt for a photographic books. I still was able to find some of what I needed, but was overall very disappointed in the content of the book and some of the subjects (whale tails and wet otters). I'm not sure I'd waste my money on another from this series.0 of 0 people found the following review helpful. LovelyBy pbGreat pictures. I have used several to improve my drawing and painting. Also I'm going to use one as a model for a thread painting.3 of 3 people found the following review helpful. Artist's Photo ReferenceBy J. O. KnoxThis book is great as regards to being a visual guide of beautiful pictures of wildlife which will help me with my future oil paintings.

Capturing the details is what makes wildlife painting come alive. Getting the fur, facial features and anatomy right with subjects that refuse to stand still adds to the challenge. Artist's Photo Reference: Wildlife saves the day by allowing you to concentrate on what's important - creating great art. Artist and photographer Bart Rulon provides hundreds of gorgeous full-color images showcasing nearly four dozen animals from a variety of angles. Each one has been taken with the needs of the artist in mind, ensuring that you save time, effort, money and worry. Stop wasting hours combing through endless magazines and books. You'll find all the high-quality reference photos you need right here! Rulon also provides guidelines for taking your own reference photos, plus five demonstrations in a variety of media, that illustrate how professional wildlife artists create extraordinary works of art by painting from photographs. Wildlife is the perfect addition to your reference library! Use it to save time, get inspired and create beautiful art of your own.

**About the Author** Bart Rulon is a wildlife and landscape artist, and an experienced wildlife photographer. His work has been featured at shows around the world, including The Society of Animal Artists and Arts for the Parks.
