Great arts and crafts style ideasBy B GingersnapI purchased this book to help me decorate my den in the arts and crafts style and got some great ideas. The "feeling" and look I wanted is coming together. I am sure this book helps with the "spirit" I am trying to attain.

Equally at home in a classic bungalow surrounded by antiques or a loft apartment decorated with modern art, the creations of a dedicated contingent of furniture makers take center stage in today's Arts Crafts decor. One-of-a-kind pieces in wood, metal, pottery, tile, glass, and textiles are testaments to the enduring influence of visionary designers such as Gustav Stickley, Greene Greene, and Frank Lloyd Wright. Building on the grand simplicity and exceptional quality that were hallmarks of the original Arts Crafts movement, talented furniture makers fuel the Arts Crafts Revival, still gaining momentum after two decades of growth. Twenty contemporary artisans are profiled in Arts Crafts Style and Spirit, and the works of many more are shown. Their meticulous craftsmanship is seen in wooden

furniture; lamps and lighting fixtures of metal, mica, and art glass; handmade vases and one-of-a-kind tiles; linen table runners and pillows. The Arts Crafts tradition is not only upheld by contemporary designer-craftspeople but expanded and refined for a new generation of collectors and aficionados. The result is a simple, elegant approach to living that makes any home a refuge.

" a stunning book of artistic profiles It is a testament to Ewald's painstaking research about artists who are currently making Arts Crafts-style furniture in the tradition of Morris, Stickley and Greene Greene."
