This purchase featuring Atlanta Scenes did not disappoint. If you want in-depth information, go elsewhere. But if you want interesting information with photos, you can't beat these books. 1 of 1 people found the following review helpful. Atlanta Georgia history with photos By Ralph Smith Exactly what I was looking for- great pictures of downtown-Lowes Grand, Paramount, and the Rich's Christmas Tree. The trolley car photos bring back memories of the 40's and 50's. 0 of 0 people found the following

Atlanta, the thriving capital of the New South, has a rich and fascinating history. In *Atlanta Scenes*, authors Kimberly S. Blass and Michael Rose draw from the works of some of the city's earliest and finest photojournalists—Francis Price, Marion Johnson, Bill Wilson, and Kenneth Rogers—to bring that history to life. *Atlanta Scenes* documents some of the city's noteworthy events, personalities, and landmarks, many of which will be readily identifiable. The images range from the everyday (baseball games at Ponce de Leon Ballpark, boys on bicycles, and Humane Society dog rescues) to the eventful (the *Gone with the Wind* premiere, the deadly Winecoff Hotel fire, and the infamous Leo Frank trial). Many scenes reflect the iconography of the Old South, while others provide insight into the harsh realities of twentieth-century life. In this volume, well-crafted, artistic images blend with on-the-spot action shots.

About the AuthorSpanning a 60-year period from the turn of the century, the photographs presented here are the images captured on film by Atlanta's photo-journalists, covering stories that touched Atlanta life. Whether one is a newcomer to the area or a longtime resident, *Atlanta Scenes* has something for everyone.
