**Jim Brown : Atomic Ranch (NONE)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Atomic Ranch (NONE):

20 of 20 people found the following review helpful. Spend the extra \$ for the hardback version with color pics!By biogrrlVery disappointed - no where in the description did it say all pictures were in black and white. It's an interior design book. With black and white pictures. Completely useless. My bad for not reading all the reviews, never imagined that an interior design book wouldn't have color pictures.14 of 14 people found the following review helpful. It is easy to read with nice bold printBy BaublesUgly facsimile of the original with only black and white photo's. If I had seen in person would not have purchased. It is easy to read with nice bold print, but a book on interior design should have color photo's as the authors included in the original publication.12 of 12 people found the following review helpful. Contents are good, but black and white illustrations (which are referred ...By Eugenia HamiltonContents are good, but black and white illustrations (which are referred to as in color) and fonts are very hard to understand. Seemed more like a print of a PDF than a real book, and that was not clear from the description.

Atomic Ranch is an in-depth exploration of post-World War II residential architecture in America. Mid-century ranches (1946-1970) range from the decidedly modern gable-roofed Joseph Eichler tracts in the San Francisco Bay area and butterfly wing houses in Palm Springs, Florida, to the unassuming brick or stucco L-shaped ranches and split-levels so common throughout the United States. Authors Michelle Gringeri-Brown and Jim Brown, founders and publishers of the popular quarterly Atomic Ranch magazine, extol the virtues of the tract, split-level, rambler home and its many unique qualities: private front facades, open floor plans, secluded bedroom wings, walls of glass, and an

easy-living lifestyle. From updated homes with high-end Italian kitchens, terrazzo floors, and modern furniture to affordable homeowner renovations with eclectic thrift-store furnishings, Atomic Ranch presents twenty-five homes showcasing inspiring examples of stylish living through beautiful color photographs, including before and after shots, design-tip sidebars, and a thorough resource index.
