Avenged Sevenfold : Avenged Sevenfold - Nightmare Songbook (Guitar Recorded Versions) before purchasing it in order to gage whether or not it would be worth my time, and all praised Avenged Sevenfold - Nightmare Songbook (Guitar Recorded Versions):

6 of 6 people found the following review helpful. Good tab for a great albumBy Ed SeithAssuming anyone interested in the book already has the album and is a fan of the band, I'll refrain from covering any of that and stick strictly to the book. As usual, this is a thorough transcription of the source material. Haner's lead style is a little unorthodox in that he manages to be melodic with a lot of chromatic work; one of few to pull it off well (Mustaine being the other well-known guitarist/writer in that vein). This book shares the same major fault with the City of Evil tab book - while the notes are spot-on, as far as I can tell, the recommended string/fret combos in the tab itself are counter-intuitive and not

the best. This can be seen right away in the intro melody for "Nightmare" and crops up repeatedly throughout the tome. A confident guitarist (and let's face it - you'd have to be in order to try and tackle a lot of this material) can see the poor fingering choices and correct in his or her own learning, but it really is a shortcoming. Recommended.0 of 0 people found the following review helpful. Five StarsBy CustomerJust what I was looking for.0 of 0 people found the following review helpful. NightmareBy medic4511Great recorded version tab book. Moat free online tabs don't even come close to the actual version. Save yourself some agony, and get the real recorded version.

(Guitar Recorded Versions). Note-for-note guitar transcriptions of all 11 tracks from their blistering, chart-topping 2010 release: Buried Alive * Danger Line * Fiction * God Hates Us * Natural Born Killer * Nightmare * Save Me * So Far Away * Tonight the World Dies * Victim * Welcome to the Family. PARENTAL ADVISORY FOR EXPLICIT LYRICS
