Excellent.By Aunt GailBeing a 50+ year resident of Avon, I found this book extremely fascinating. My children grew up in the Briarcliff section of Avon and graduated from Roaring Brook School to Avon High School. I watched the Avon fire department burn down the horse barn and the grand stand. So much was familiar. Great Town! Great book of it's history.I have purchased many other great books from . A favorite being "Racing In The Rain" by Garth Stein.3 of 3 people found the following review helpful. Histiry should be kept aliveBy S.B.The historical pictures and context of this book has bestowed great pride in our town.It is important for every town to have a historical record and Mr. Wright has done an excellent job in preserving our history through the

juxtaposition of the old and the new. We are fortunate to have a person who has devoted time and effort to keep history alive. It was a VERY DELIGHTFUL read.

Once known as Northington, a northern parish of Farmington, Avon was incorporated in 1830 after the construction of the Farmington Canal. Located at the juncture of the Albany Turnpike, the Farmington Canal, and later the Farmington Canal Railroad, Avon became a transportation and commercial center of considerable importance through the 19th century. Avon Historical Society board member Peter J. Wright, with an introduction from town historian Nora O. Howard, illustrates Avon's past and present in vintage and contemporary images.
