Malachai Nicolle, Ethan Nicolle : Axe Cop Vol. 4: President of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Axe Cop Vol. 4: President of the World:

1 of 1 people found the following review helpful. Each installment is better than the last. By V. Romero Whether it's the older brother getting better at plotting and separating the ideas, or whether the younger genius is getting more creative, Axe Cop's adventures get better and tightly thought-out as each page progresses. After becoming President of the World what's left for Axe Cop to do? There's no more evil in the world since he abolished it, so what next? Bad guys on other planets, of course! As if things weren't zany enough, Axe Cop's adventures now take place primarily in space

where things are even more bizarre. The writing is phenomenal and the imagination boundless.3 of 3 people found the following review helpful. Creative, imaginative and laugh out loud funBy Wayne A McCoyWhat do you get when an 8 year old writes a comic and his much older brother illustrates? You get a wacky comic called Axe Cop, where just about anything goes. Craziness ensues in this issue when Axe Cop becomes President of the world after all the bad guys have been defeated. He builds a copy of the White House, but made out of gold, and places it in Axeville. He recruits some good guys along the way including Goo Cop, a being made of goo that wants Axe Cop to find his family, and Junior Cobbb, a talking gorilla who can shoot bullets out of his knuckles and anything he wants out of his tail (yes, a gorilla with a tail). Of course, the bad guys have to show up eventually, and there are massive fights, including one with Junior Cobbb on the Space Needle. If it all sounds over the top, it really is, and I found myself laughing out loud. The art by Ethan Nicolle is just as outlandish as the story. I hope Malachai never grows out of his incredible imagination. The joy he has in storytelling is infectious. Included is a great introduction by Zack Carlson, and all the fully painted covers of the individual issues. My definite favorite cover is Junior Cobbb and a Chee-rex on top of the Space Needle. Put aside your stuffy adulthood for a while and remember what it was like to let your imagination soar.1 of 1 people found the following review helpful. Five StarsBy Katie W. These books are made of win

Axe Cop is now president of the whole world! But a bunch of outer-space bad guys are on their way to Earth, and they're bringing big trouble with them! Collects the three-issue miniseries. * Axe Cop will be part of a new Fox Animated television programming block!
