Bali Home....disappointingBy AnneCelestWhilst beautifully photographed, I found this book a little disappointing when it came to content, many of the featured houses are in my other Bali books.I was also a little surprised that many of the descriptions included, 'sexy'. I found them sumptuous, delightful, romantic but not particularly, sexy.0 of 0 people found the following review helpful. Great Accessorizing TipsBy kjsmithWe're trying to incorporate Balinese inspiration into our bungalow, and this book gives excellent insight into Bali design principles. It looks fantastic on a coffee table as well!0 of 0 people found the following review helpful. Three StarsBy JBGreat ideas when building.

Featuring over 180 gorgeous photographs and insightful commentary, this showcase of Balinese Design and style will help you add a distinctive flair to your interior decorating. Bali is an island paradise that inspires countless dreams of tropical beaches, exotic people and gorgeous views. More than just an increasingly popular tourist destination, Bali is also a global leader in tropical design, showcased in all its glory in Bali Home. Covering over 100 homes, garden estates, hotels, restaurants and more, this book gives a tantalizing glimpse of the latest design trends coming out of Bali. Full-color photography, both of decorative details and architectural concepts, is accompanied by an insightful text that gives attainable interior design tips to tropical dream seekers.

"This book successfully equips amateur designers with the knowledge to create interiors and gardens with a particular Asian touch." — Library Journal
