Brian Lobel : Ball Other Funny Stories About Cancer (Oberon Modern Plays) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ball Other Funny Stories About Cancer (Oberon Modern Plays):

Unexpected, quirky and provocative, BALL Other Funny Stories About Cancer is a unique collection of performances

about illness and the changing body over time. Documenting a trilogy of Brian Lobel's monologue performances from 2001-2011, this collection challenges the inspirational stories of survivors and martyrs that have come before, infusing the 'cancer story' with an urgency and humour which is sometimes inappropriate, often salacious and always, above all else, honest and open. Published together for the first time, this collection of performances goes beyond the chemotherapy to include reflections on politics, sexuality and gender, providing cancer — and cancer narratives — with a much-deserved kick in the ball(s).
