From PM Press : Banksy Locations Tours Volume 1: A Collection of Graffiti Locations and Photographs in London, England before purchasing it in order to gauge whether or not it would be worth my time, and all praised Banksy Locations Tours Volume 1: A Collection of Graffiti Locations and Photographs in London, England:

5 of 5 people found the following review helpful. This book holds it allBy Melissa @ just one opinionGreat book for any banksy fan not only does it show you each of his art works but it also gives you insight into the area of London and buildings around the art. It's like a map, art and guide book in one, I could imagine myself actually walking around London trying to find each of these locations mentioned.0 of 0 people found the following review helpful. ... was a gift for my daughter and she was happy with itBy MisfitHeather138This book was a gift for my daughter and she was happy with it. My only complaint is that it's very small. Not much bigger than a large note card. The pictures are great but the binding makes it difficult to see the entire pictures in some cases (it doesn't lay flat, it's a small book but very thick). But there's a ton of art included and if you're a fan of Banksy this is a good addition to your collection.I don't recommend this particular book for anyone who is newly interested in Banksy's work bevai2 of 2 people found the following review helpful. So much funBy DKThis book is fun to view. If you like Banksy art or graffiti art in general you will enjoy this tremendously.

In three guided tours, Martin Bull documents 65 London street installations by guerilla art icon Banksy. While newspapers and magazines the world over send their critics to review the latest Damien Hirst show at the Tate Modern, Bull is out taking photos of the legendary political artist's work. This collection of provocative and intriguing examples of street art boasts gorgeous color photos and includes graffiti by many of Banksy's peers, such as Eine, Faile, El Chivo, Arofish, Cept, Space Invader, Blek Le Rat, D*face, and Shepherd Fairey. Volume one of this new edition includes updated locations and an additional 25 photos.

“Are you a big fan of Banksy and got no plans this summer? Then this is the perfect book for you. A no-nonsense travel guide to all his London locations.” —Waterstones
