**Christopher Hart : Basic Anatomy for the Manga Artist** before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Anatomy for the Manga Artist:

2 of 2 people found the following review helpful. Quite usefulBy RanndyIdeal for self-taught drawing enthusiasts. It does contain several illustrations, theory and explanations to help you better understand the style and technique. Well written and most directions are self explanatory. I do recommend this book.2 of 2 people found the following review helpful. Very valuable information on the whole manga drawing experience! ...By Austin M NelsonVery valuable information on the whole manga drawing experience! If you want to know how the body becomes the shapes on the surface, you need to see how it's put together on the inside and this book does exactly that for you.....it helped me considerably! Recommendable for sure!0 of 0 people found the following review helpful. Great for kids and adultsBy T.J.What a great book for our son. He's really been into drawing Manga lately and wanted to learn to draw the manga form. This book was perfect for him and he's really enjoying it. Our son just turned 12 and the book is great for his age up to adults

Manga Anatomy Like You've Never Seen It! You know that manga faces are different from those of regular, American-style comic book characters. But did you know that manga bodies are also different? Well, they are, and Christopher Hart is here, once again, to tell you all about it in his signature accessible style. This book is loaded with clear step-by-step instructions and illustrations, anatomical charts and information, and before-and-after comparisons you won't find anywhere else; all tailored to creating authentic Japanese-style manga. And in addition to the breakdowns of the various sections of the body, you'll also learn how all the different elements—faces and costumes—come together to form complete characters. Basic Anatomy for the Manga Artist contains everything you need to know. No aspiring mangaka (manga artist) should be without it.

About the Author CHRISTOPHER HART is the world's bestselling author of drawing and cartooning books. His books have sold more than 7.4 million copies and have been translated into 20 languages. Renowned for up-to-the-minute content and easy-to-follow steps, all of Hart's books have become staples for a new generation of aspiring artists and professionals, and they have been selected by the American Library Association for special notice.
