Makes sketching/drawing easy. I highly recommend to those budding artists with an interest in drawing/painting. 0 of 0 people found the following review helpful. This book is great for some beginning or intermediate learning. By Duchess2016 This book is great for some beginning or intermediate learning, especially the section on perspective where it uses furniture for examples, not just landscapes and buildings. Plus, his drawings are just so fun and cool to look at, they make me want to keep learning to draw! 0 of 0 people found the following review helpful. I sent this to my guy who is incarcerated. ... By Donnelle Burlingame I sent this to my guy who is incarcerated. He loves to? be creative and draw. It has cheered him up and given him something to do with his time. Thank you for having it available.

The third title in a bestselling series, *Basic Drawing Made Amazingly Easy* is a complete drawing book for the beginning artist. Based on a series of lessons that begin with the five basic shapes (circle, oval, square, cylinder, and rectangle) combined with the five basic components of drawing (line, mass, perspective, light, and shading), the book progresses from the simplest forms to more complex inanimate objects and organic animate subjects. From the Trade Paperback edition.
