A rebirth of my hometownBy Kindle CustomerIn planning a return to the place of my childhood and taking friends who had never been to that part of the country, I ordered the book to show them where they were going. Imagine my surprise when I learned more about my hometown than I had ever known. It was very interesting to see how little it had changed in 60 years.

Bath is the home of America's oldest county fair. The community was planned as western New York's "Queen City," a great metropolis, with broad tree-lined boulevards and spacious squares. Airplanes and ladders were made here, and four railroads—from the "champagne train" to the "kick and push" line—ran through town. Today, Bath remains a town

of wide avenues, well-kept greens, dramatic cliffs, busy dairies, and the famous fair that has been held every year for nearly two centuries. Bath serves as the welcoming, wide-open back door to the Finger Lakes.
