No downloads and nothing to print for coloring. What use are they to Kindle owners...None. Have no idea what the actual designs will be in this coloring book as Speedy Publishing has done what it usually does...give us samples that do not relate to this and many of their other coloring books. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??0 of 0 people found the following review helpful.
