I enjoyed how it was from Fiona's perspective, and it talked about the rehearsals and her first show. I recommend this book to everyone who dances ballet.2 of 2 people found the following review helpful. Beautiful PhotographyBy G. WhaleyBought this for a Christmas gift for my 5 year old granddaughter who was quite taken with the Nutcracker last month. She was in four performances for the first time as a mouse and she thoroughly enjoyed herself but I can tell she has aspirations to be Clara someday! After looking through the book, I thought it might be too old for her, but she loved it! She spent hours paging through it and begged her Mommy to read it to her at bedtime.0 of 0 people found the following review helpful. great window into the world of being in the nutcrackerBy beccamy daughter is 4 yrs old and LOVES the nutcracker. we got her his book because she has lots of versions of the story, but

this is a telling of what it is like to be preparing to perform the ballet. we hope this will help our daughter be better informed about the work involved in ballet before we allow her to decide if she wants to take up dance. the photos are wonderful, and it is written as a story, so she loves it!
