**Larry Student, Shirley Student : Beginning Bonsai: The Gentle Art of Miniature Tree Growing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginning Bonsai: The Gentle Art of Miniature Tree Growing:

0 of 0 people found the following review helpful. Five StarsBy YTGThis book is very helpful in learning how to take care of Bonsai0 of 0 people found the following review helpful. I think it will be great for the beginner Bonsai enthusiastBy Lisa PI recently bought a Bonsai tree for my sister because she always wanted one. She wasn't sure how to take care of it so for Christmas this year I bought her this book. It seems to have all the basics in it. I think it will be great for the beginner Bonsai enthusiast. It's a fairly thin book and it does have photos as well.0 of 0 people found the following review helpful. Beginning Bonsai ! A must Have !By paul t craneAs i have always been facinated with bonsai , i have never reaaly got into it. I recently purchased a bonsai fig and did,nt have a clue how to look after it .

Thanks to beginning bonsai i am now confident i can not only look after it , but start growing bonsais myself. Thank you very much, Paul T Crane.

Learn to grow and care for decorative bonsai trees with this user-friendly Japanese gardening book. For those with no bonsai tree growing experience, Beginning Bonsai: The Gentle Art of Miniature Tree Growing covers everything from buying the first plant for beginning bonsai to creating a miniature landscape of rocks, grasses and trees. Authors Larry and Shirley Student describe different bonsai styles, list important tools, explain pruning and pinching and introduce procedures like defoliation. They cover all aspects of how to cultivate these miniature trees, anticipating common problems and offering practical bonsai advice gained from years of working with plants.Bonsai gardening topics include: Bonsai from different sources Choosing a bonsai site Essential techniques and materials Forests, groves, and Saikei Care of bonsai: a five point program Root pruning and repotting Seasonal Changes Advanced Techniques Varieties of Bonsai Trees The clear, step-by-step instructions and photographs ensure that even the most inexperienced gardener will be able to start creating beautiful bonsai in no time. Despite being small, bonsai are not delicate;they are strong hardy trees and creating them is a rewarding and inexpensive hobby that anyone can take up;even without an effortless green thumb.
