**Hal Leonard Corporation : Best Children's Songs Ever Songbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Children's Songs Ever Songbook:

Easy and enioiable version of well known children songsBy Samuele FraizzoliEasy and enioiable version of well known songs.At my (intermediate) piano level, I can play them directly and have my children sing together (no need to prepare/study them, unless to perfect some passages). Even my daughter (1 year of piano studying) can play the easiest pieces, but she has to study them somewhat in order to get something pleasurable.The main limits are from the Italian perspective:- some pieces are pretty American, so my children don't know them (solution: just ignore them)- the most famous pieces are from Disney movies, but children know them in the Italian version (solution: search Italian text on the Internet...or sing by heart...).All in all I'm happy with this songbook0 of 0 people found the following review helpful.
