Best IPHONE APPSBy Rolly's OnIf you are new to IPHONE as I was this is a wonderful compilation of apps and opinions on these apps that just get a person in all kinds of trouble. You know like information overload, makes the IPHONE really useful and fun. It may drive some people a little crazy and can get you buying some expensive apps. Just remember if it gets too crazy; delete it. Be aware of duplication in apps and really read the help.1 of 1 people found the following review helpful.
