SwanLet me preface this review with the fact that I am only in the ultra-beginner catagory of piano playing. Having ordered this new publication many months ago, I patiently waited for it's completion and delivery. I WAS NOT DISAPPOINTED!! The songbook includes 11 of Leon's most popular compositions (plus one Dylan song) -- 12 in all. The notes words are easily read. It's a little beyond my particular ability right now, but looks like the intermediate musician could readily follow along.If there WAS any inconvenience in ordering this songbook, it was that the song titles weren't listed in the book's description. So I thought I'd help you out by listing them here:Ballad of Mad Dogs and EnglishmenDelta LadyGirl from the North Country (by Bob Dylan)HummingbirdLady BlueOf Thee I SingRoll Away the Stone (with Greg Dempsey)A Song for YouStranger in a Strange Land (with Don Preston)Superstar (with Bonnie Sheridan)This

MasqueradeTight Rope(Regretfully, 'Magic Mirror', 'Crystal Closet Queen', and 'Out In the Woods' were NOT among them). Hope you enjoy having Leon's songbook in your collection as much as I do!0 of 0 people found the following review helpful. If you have someone signing and playing a guitar with you they'd be great.
